News around The Highlands

The first “Thirsty Thursday” gathering at the clubhouse pool happened June 19th.

There was great conversation, yummy snacks, and visiting with neighbors that we don’t always get to see. This will be an ongoing event every other Thursday, and the next one is scheduled for July 3rd. Please come out and get to know your community! We have a great bunch of neighbors! Thirsty Thursdays are BYO snacks and drinks (no glass in the pool area please). Mark your calendars and see you on July 3rd!

Also, the caregiver support group will NOT be meeting on July 4. This month’s meeting will be Friday, July 11th.

VOLUNTEERS

We still need someone to take over the Newsletter and someone to chair the Social Committee. In addition, we need preferably 2 people to volunteer for maintenance. The majority of volunteer tasks is done by the same handful of people. It would be really nice if others in the community that enjoy the labors of those few volunteers would take a turn and volunteer themselves. Thank you to Kathy and Burt Sipes for stepping up to help

Tai Chi classes are postponed until September. At that time, they will only resume if 3 or more sign up. Let Nancy Skanchy know if you are interested.

Does a radioactive cat have 18 half-lives?

A CUSTOMER sat down at a table in an upscale restaurant and tied a napkin around his neck. Horrified, the manager called a waiter and instructed him, "Try to make him understand – as tactfully as possible – that that's not done here."

The waiter made his way over to the table and said, "Pardon me, sir. Shave or haircut?"

TWO BEARS watched as a group of knights in shining armor approached. "Oh, well," one said. "Canned lunch it is."

AN OLD MAN was complaining about the lack of warmth at the boardinghouse where he was staying. "It's bad enough in the daytime," he said, "but at night I wake up to the sound of my teeth chattering on the dressing table."

A MAN was walking along a country road when he saw a farmer working in his field. The man called out to the farmer, "How long will it take me to get to the next town?"

The farmer didn't answer. The man waited a bit and then started walking again. After he had gone about a hundred yards, the farmer yelled, "About 20 minutes!"

"Thank you. But why didn't you tell me that when I asked you?"

"Didn't know how fast you could walk."

A STRUGGLING AUTHOR called a publisher to inquire about a manuscript he had submitted a few weeks earlier.

"It's well-written," the publisher said, "but we really only publish work by well-known names."

"Great!" the author exclaimed. "My name's Smith!"

"I ALWAYS THOUGHT" that quicksand was going to be a much bigger problem than it turned out to be. You watch cartoons and quicksand is like the third biggest thing you have to worry about, behind the actual sticks of dynamite and giant anvils falling on you from the sky." – John Mulaney

"You know I want a cracker.
Must we do this every time?"

"I'm not much of a person cat myself."

"We come from a long line of pickpockets, son.
You need to be proactive about your allowance."

SQUARE ROUTES: One solution method: In the bottom row, the two missing numbers must add up to 27 to make 30. Among the unused numbers, the only possible pair is 12 and 15. But which goes in which spot? Consider that if 15 is in the bottom right-hand corner, you would need an 8 in the right-hand column to bring that column's sum to 30. But you can't use 8, since it's already in the grid. So 15 must be in the bottom left-hand corner and 12 in the bottom right. Because you now know 3 of the 4 numbers in the left- and right-hand columns, filling in the other blank in each of those columns is easy, and so is filling in the rest of the grid. **PERUSE THESE CLUES:** READ: **SURE THING:** CLARINET
