## **News around The Highlands**

There will be a special meeting April 30, Sunday at 2pm to discuss the finding of the Reserve Committee, among other items. This takes the place of our regular Thursday Board meeting and it's on a Sunday afternoon to afford everyone a chance to attend. If you don't know what the Reserve Committee is... you need to be at this meeting. 😊

The Annual Members meeting will be Sunday, May 21 at 2pm (to avoid the Memorial Day holiday weekend).

If you haven't already, you should be receiving the nomination forms for board members. Please find someone that is interested and willing to be on the Board and then nominate them by April 7<sup>th</sup>. Do not nominate someone without discussing it with them first.

CC&R recommended changes (with Pro's and Con's) have been reviewed by our attorney and he has okayed them. They are in the mail to you for community approval. Please mark each recommended change "yes" or "no" that you agree with that change and then return them to the office by USPS mail or put them in the office mail slot in the Clubhouse by April 10<sup>th</sup>.

A photo sensor to control the pool cover is expected to be installed next week.

Brush removal, which is a fire hazard, below lots 61-64, will be done when weather clears.

We lost a couple of our neighbors this year, Jan Sawtelle and Patricia (Beckey) Beckey. They will be missed!

BOLO – Be On the Look Out for your election ballots!

**The annual meeting is set for May 21, 2023 at 2 p.m.**

### *Words of Wisdom*

The biggest joke on mankind is that computers have begun asking humans to prove they aren't a robot.

It's weird being the same age as old people.

Just once, I want a username and password prompt to say CLOSE ENOUGH.

If I am ever on life support, unplug me and plug me back in and see if that works.

Do you ever wake up in the morning and look in the mirror and think... "That can't be accurate?"

You know you are getting old when friends with benefits means having someone who can drive at night.

Weight loss goal: To be able to clip my toenails and breathe at the same time.

After watching how some people wear their masks, I understand why contraception fails.

Some of my friends exercise every day. Meanwhile I am watching a show I don't like because the remote fell on the floor.

For those of you that don't want Alexa or Siri listening in on your conversation, they are making a male version....it doesn't listen to anything.

Now that I have lived through a plague, I totally understand why Italian renaissance paintings are full of fat people lying on couches.

Now that we have everyone washing their hands correctly ..... next week..... Turn Signals.

And I end with... Love what you have before life teaches you to love what you lost.
